

List of transporters approved for long journeys (Type 2)

Last update: October 2025

Legal notice:

The list is available for download on the website of the Specialist Unit for Animal Welfare and Animal Husbandry which is an institution of the Federal Ministry of Social Affairs, Health, Care and Consumer Protection supporting the National Contact Point for Animal Transport on the basis of Art. 11 para. 3 of the Austrian Animal Transport Act in conjunction with Art. 13 para. 4 Regulation (EC) 1/2005.

The list was compiled to the best of our knowledge on the basis of the data reported by the competent authorities on the approval of animal transport operators for long-distance journeys ("Type 2 approvals") and the entries in TRACES. At the beginning of each month, the Specialist Unit checks whether the entries are still up to date. The entry and cancellation of data is made on the basis of the relevant notifications from the authorities. There is no guarantee that the list is updated on a daily basis. It should also be noted that there may be deviations from the entries in TRACES with regard to spelling. If you have any questions, please contact the National Contact Point for Animal Transport or the Specialist Unit by e-mail.
